CAREER FOCUS: COMPUTER SCIENCE

Computer Science Junior looking for ways to expand my existing knowledge through on-the-job experience. Proficient in applying problem solving skills, teamwork, and adapting to work in any environment. Able to learn and apply concepts in real time. Capable of multitasking and filling whatever role is needed.

EDUCATION

Oakland University   **Expected Graduation 2020**
Bachelor of Science, Computer Science; GPA 3.59   *Junior*
Presidential Scholarship

Development Project:
- Creating an easy-to-use Android application that allows users to access and update a database remotely. Java and SQL were the primary languages used to accomplish this task. As the lead developer on the application side, my time was spent working with Android Studio and finding ways to improve efficiency.

SKILLS

- Programming Languages: Java, SQL, Python, C, and C++.
- Software: Microsoft Office Applications, Google Drive Applications, Android Studio.
- Operating Systems: Windows 7, 8 and 10.
- Mathematics: Calculus, Linear Algebra, Discrete Mathematics.

WORK EXPERIENCE

Independent Contractor (Internet Installation)   **September 2018- Present**
Assistant   *Various Locations*
- Run networking cables through buildings methodically.
- Strip cables and thread inner wires through connectors.
- Test and tone wires to assure they have been threaded correctly, and are properly labeled on network blueprints.

Native Designs   **June 2018 – August 2018**
Landscaping Laborer   *Rochester Hills, MI*
- Fill wheelbarrows with mulch and spreading around a property.
- Mow lawns, weed whack, pull weeds, etc.
- Plant flowers, bushes, shrubs, and lay sod.

Busch's Fresh Food Market   **Sept. 2016 – Sept. 2017**
Service Clerk   *Rochester Hills, MI*
- Assist customers with various tasks around the store. This could be anything from helping someone find a product, to loading items into the car of an elderly person.
- Provide support to other employees when they became overwhelmed or needed assistance.
- Retrieve and organize carts from the parking lot.
- General Cleaning throughout the store
